What sets J.T.M. mac and cheese apart...

- Dual Cook & Blend Production Process:

- ...Provides the ability to cook pasta and cheese sauce separately, gently blending them together at the end of the cooking cycle and prior to packaging
- ...Utilizes a variety of new technology to control the ratios of cheese sauce and pasta added to each bag of mac & cheese
- ...Improves product consistency from one bag to the next, one batch to the next

- Pasta Cooking Process:

- ...Uniform cooking process with increased ability to control how long the pasta is cooked
- ...Greater flexibility and capability to cook pasta of a variety of shapes and sizes
- ...Starch, resulting from cooking pasta, is rinsed off and eliminated from the product leaving a tender yet firm pasta noodle
