

J.T.M.[®] Put our Products to Work for You!

NEW Premium Beef Taco Filling

There's never been a better time to put our Taco Fillings to work for you! At J.T.M., we cook, drain, and rinse the ground beef before blending in the seasonings to create scratch-quality taco fillings you'll be proud to serve. They save you time and labor making it easier than ever to serve up a variety of boredom-busting menu applications like burritos, nachos, taco salads, and street tacos.

SERVING TIP

Serving familiar favorites in a new way is a great way to combat menu fatigue. Take the taco out of the shell and try serving on a pizza, flatbread, salad, or on a bun... Taco Joe, anyone?

AF: Allergen Free GF: Gluten Free

Taco & Burrito Fillings AT HOME HEATING INSTRUCTIONS

Microwave:
Instructions based on heating single portion. Heating times may vary based on number of portions being heated at one time. If heating more than one serving, increase microwave time by 30 seconds for each additional portion.

- Transfer taco or burrito filling into a microwave safe bowl or container. Cover bowl with damp paper towel.
- Heat on high for 60 seconds or until the product reaches the desired serving temperature or until product reaches MSF (ServSafe Standard).
- Carefully remove from microwave and stir prior to enjoying.

Stove Top:
Instructions based on heating single portion. If heating more than one portion, increase cook time an additional minute per portion.

- Transfer taco or burrito filling into an 8-inch wide pan or small pot.
- Heat over medium/low heat for 2-3 minutes or until product reaches MSF (ServSafe Standard) 145°F for 15 seconds.
- Remove from heat, stir and serve.

Ovens:
Instructions based on heating single portion. If heating 2 to 3 portions, increase cook time to 22 - 25 minutes. When heating 4 or more portions, increase cook time to 30 - 35 minutes.

- Preheat oven to 325°F.
- Transfer taco or burrito filling into an oven approved container. Place a lid or aluminum foil on the container and heat for 12-15 minutes or until product reaches MSF (ServSafe Standard) 165°F for 15 seconds.
- Remove from oven, uncover, and stir before serving.

Leftovers:

- Place any unseasoned pasta in storage container (plastic or glass bowl w/ lid, Ziploc bag).
- Seal bowl with lid and store in the refrigerator until next use, but no longer than 3 days.
