

Meatballs

J.T.M. produces a variety of meatballs formulated for the K-12 segment. Our meatballs are perfect for speed-scratch recipes, and when you blend them with one of our fully prepared sauces, it makes it easy to serve creative combinations like Buffalo Meatballs, Korean BBQ Meatballs, and Classic Meatballs in Marinara.

SKU rationalization continues to be a priority for operators.

Our meatballs allow you to create multiple, globally-inspired menu applications from one base product.

Product Type	Protein Types		Attributes Available
